SUMMARY

Motivated & Dynamic full stack developer with a passion for building responsive and user-friendly web applications. Skilled in front-end development with HTML, CSS, JavaScript, and React, as well as back-end technologies like Node.js and databases. Strong problem-solving abilities, creative troubleshooting and a commitment to continuous learning. Excited to apply my knowledge and grow in a collaborative team environment

SKILLS

- Front End Coding
- Back End Coding
- JavaScript | HTML | CSS
- React | Node | Express
- Bootstrap | Tailwind CSS
- MySQL | REST API | Shopify
- jQuery | JSX | JSON
- Git (Git Flow)/GitHub
- Critical thinking
- Attention to detail
- Strong problem-solving
- Collaboration

WORK HISTORY

Evangadi Networks, Silver Spring, MD

Full-Stack Developer Intern • 2023- Present

- *Developed and maintained responsive web applications using front-end technologies such as HTML, CSS, JavaScript, and React.js*
- *Collaborated with team members to implement new features and functionalities in existing React-based web applications.*
- *Troubleshoot and resolve software defects and issues*

Freelance

Full-stack Developer • 2023- present

- *Collaborated with clients/content owners to understand their requirements, manage expectations, and develop a system/design solution for existing and new websites*
- *Implemented responsive design principles to ensure optimal user experience across various devices and screen sizes.*
- *Implemented RESTful APIs to facilitate communication between the front-end and back-end components of web applications.*
- *Conducted thorough testing and debugging of web applications to identify and resolve issues, ensuring high quality and reliability.*
- *Designed and optimized databases using MYSQL*

PROJECTS

- **KEBE GARAGE FULL STACK APP**

  Crafted a garage management app using React for the frontend, Node.js for the backend, and MySQL for database management. Improved operational efficiency with features like inventory management, appointment scheduling, and customer data management.

- **Evangadi Student Forum Full Stack App**

  Developed a Student Forum Full Stack App enabling students to ask questions, receive answers, and engage in discussions. Utilized React, Node.js, and MySQL to facilitate interactive features, fostering student collaboration and knowledge sharing.

- **Amazon Clone Full Stack App**

  Spearheaded the creation of a comprehensive Amazon clone, ensuring a true-to-life e-commerce experience. Seamlessly integrated user authentication, Firestore database, and secure payment processing through Stripe. Leveraged a sophisticated tech stack: React, Tailwind CSS, Firebase (Authentication, Firestore), Node.js, Express.js, and Stripe.

- **Netflix-clone** *Built a Netflix clone with React, leveraging APIs for seamless content integration and enhancing user experience.*

- **Apple's website clone** *using React integrating various pages and sections with REST API and Apple's YouTube channel.*

EDUCATION

Master in Civil Engineering

Addis Ababa Science & Technology University • 06/2021

Bachelor of Science in Civil Engineering

Arba Minch University •07/ 2014

CERTIFICATIONS

Full Stack Web Development
